# Message From The Editor

The year 2025 is a very special one for me.

Come November 2025, I would have put in 20 years of service with Sunway College Johor Bahru. However, this is not the only milestone that makes this year special. It is also the year that my own son has started his pre-university studies. From being a lecturer and an administrator, I am now a parent to a college student. I now know what it takes to put a teenager; often guileless, sometimes stubborn but always curious, through college. I now understand the questions that I often received from parents, the anxiety that some of them had and the anticipation that all of them carry; simply because I am also in their shoes now.

Being in the shoes of a parent has made me appreciate the work of my colleagues even more. From making sure each student follows the safety protocol of our Science Labs, to making sure they submit their university admission forms on time, to very simply, having a comfortable classroom, is not the work of one person, but a whole team of staff doing their best every day.

Our college has also long embraced the philosophy that learning extends beyond the classroom and nowhere was this more visible than through the Spectrum of Hope Autism Awareness Run, which mobilised students, staff, and community members to raise awareness about autism and promote inclusion. This event combined physical wellness with social purpose, sending a message of solidarity and understanding.

We also recognise that education is not only about academic formation but also about building networks and sustaining relationships over time. Our Freshies' Day-out @Tsutaya created a perfect opportunity for new students to connect with peers and seniors in a relaxed, social setting. Read about the VU Business Degree Networking Dinner, which saw our alumni and current students exchange insights, forge career connections, and envision future collaborations.

In the spirit of innovation, we launched the Diploma in Digital Business to respond directly to the digital transformation sweeping across industries. With a curriculum featuring e-commerce, digital marketing, and emerging technologies, it prepares students for versatile and modern careers.

As we reflect on an extraordinary chapter in Sunway College JB's 20-year journey, the past year has stood out as a period of meaningful growth, community engagement, and forward-thinking development. From commemorating two decades of achievement to launching new programmes and strengthening relationships across our campus community, we have affirmed our commitment to excellence and impact.

I am confident that as we move further into 2026, we will continue building on this momentum. To all who have contributed to these milestones, thank you for being the heartbeat of our College.

*"I have never let my schooling interfere with my education."*  
– Mark Twain

## Run for a Reason: Spectrum of Hope

The Spectrum of Hope brought together almost 350 enthusiastic runners for a meaningful cause to raise awareness for Autism! Organised by our Diploma in Events Management students in collaboration with Student Services, the event turned an ordinary morning into an extraordinary community moment. The fun run reminded us that every step can spark change with a community coming together. Did you spot yourself in the recap video [here](#)?

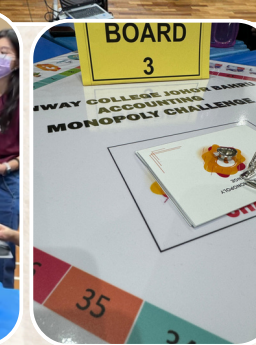

## Career Day 2024: Connect, Learn & Level Up!

Talk about a game-changer for your career kick-start! Career Day 2024 was an absolute must-attend, successfully delivered by Placement Support in an exciting collaboration with TalentCorp Malaysia. Students got a crash course in all things professional through the LinkedIn 101 workshop expertly facilitated by TalentCorp and built contacts with prospective employers while employers and industry partners were invited to a special TalentCorp-Employer Networking Session.

## Rollin' the Dice with Accounting Monopoly Challenge

Who knew accounting could be this fun? A fast-paced challenge where our business diploma students put on their thinking caps, competed to test their accounting acumen and decision-making skills through a Monopoly-inspired game. Students showed off their skills in time management, learning ability and quick thinking, all in the name of fun. It was an undoubtedly fun and highly educational experience for everyone involved!

## Our Business Lecturers Slayed at NALI 2024

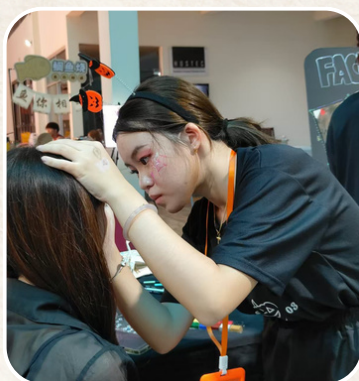

Our very own business lecturers from the diploma and degree programmes made a huge impression at the New Academia Learning Innovation (NALI 2024) conference, organised by University Teknologi Malaysia (UTM). We proudly acknowledge Mr Lee Borway, Ms Catherine Chong Sio Hing and Mr Khor Ben Nee, whose innovative education project, "Sustainable Business Start-up Day: Building Social Entrepreneurs with the How People Learn Framework" snagged gold. The project focused on social entrepreneurship, guiding students to create business plans aligned with the UN Sustainable Development Goals (SDGs).

## Trick or Treat Halloween Festival – Spooky Good Times!

It was a night of chills and thrills! Organised by our talented Diploma in Events Management students, the Trick or Treat Halloween Festival was a spooktacular evening which turned the campus into a haunted hangout complemented by live band entertainment, food stalls, game booths and a ghoulishly good, haunted house experience. The campus and neighbouring community were treated to a thrilling and fascinating night of lasting memories for everyone who dared to attend!

## #20FEST: Celebrating Two Amazing Decades with Campus Community

Can you believe that it's been 20 years? Sunway College Johor Bahru marked its 20th Anniversary with #20Fest, a vibrant week-long celebration held from 18-22 November 2024. This special birthday week was packed with exciting activities, games and giveaways to commemorate two decades of achievements and shared memories since our journey began on 17 November 2004. Throughout the week, daily challenges like "Be Creative with 20", trivia quizzes, emoji word searches and "Spot the Logo" egg hunt kept everyone engaged. Students and staff snagged prizes like anniversary merchandise, gift vouchers and cash with a Lucky Draw finale presented by Principal, Mrs Hor Poh Choo. Here's to the next decade and beyond!

## Healthcare Heroes in Action!

The Diploma in Health Care Management students participated in the National Kidney Foundation Malaysia's Community Volunteering Programme where our dedicated students journeyed to Kampung Orang Asli Simpang Arang, Gelang Patah, immersing themselves in a vital community effort. Through this invaluable hands-on experience, our future healthcare professionals truly rose to the occasion, in helping to raise awareness on the importance of health and wellbeing among the village residents. It was an impactful demonstration of their commitment to community health and a fantastic opportunity to gain insights into public service!

## Connecting with our Freshies on a Fun Day Out

This was a fantastic new start! The Freshies Day-Out Challenge is an initiative by Student Services and the Student Council organised specifically to facilitate building bonds with students from the first intake of 2025. Everyone enjoyed their time at Tsutaya Bookstore, AEON Mall Tebrau City working in teams to complete a series of station challenges, loaded with fun and games. Props to all the brains behind the plans for orchestrating a successful event. Students undeniably had a blast and bonded as they got to know each other, setting a great foundation for their time on campus!

# At A Glance...

## Smash the Stress Away with Pickleball Day!

What's the best way to relax and recharge before exams? A friendly match of pickleball, of course! Recognising the sport's growing popularity, we seized the opportunity for our students to experience it firsthand. Students and lecturers from the Hospitality and Information Technology programmes gathered at Ponderosa Country Club and Resort for a fun and friendly pickleball game. This was a wonderful opportunity for everyone to engage with friends and lecturers outside the classroom, providing a much-needed de-stress right before exam week. Healthy body, healthy mind!

## Diploma in Digital Business Officially Launched!

Sunway College Johor Bahru officially launched the Diploma in Digital Business, paving the way for future digital professionals. The official launching ceremony was graced by industry partners and advisors who were instrumental in providing insights throughout the programme development, including Ms Lynn Yap, President of Junior Chamber International (JCI) Johor Bahru Entrepreneur, as special guest. With a curriculum grooming students in areas like technopreneurship, digital marketing, big data and business intelligence, graduates will be equipped to drive digital transformation. We are truly ready to shape the new generation of digital business leaders!

## AI Wizards in Action!

Diploma in Information Technology students showcased their innovation and AI expertise at NeoGenesis: AI Prompt Odyssey, held at the University of Southampton Malaysia! Aligning with SDG 11: Sustainable Cities & Communities, students explored the power of AI tools like ChatGPT, Google's Gemini and Microsoft Copilot to develop creative solutions for real-world urban challenges. Six teams from Sunway College JB participated, with three successfully advancing to the final round. Massive congratulations to Team JFF who emerged champions and Team Black Box Society (second runner-up) for a successful outing. Students were guided by amazing academic mentors, lecturers Mr Wilson Low and Ms Rebecca Chin. You guys totally slayed!

## Unleashing Entrepreneurial Spirit

The Freshies Carnival was a lively student-led event by our first-semester business diploma and certificate students. Intended as a practical application of their Introduction to Business and Principles of Accounting subjects, students impressed everyone by planning, promoting, managing and successfully running their very own booths. With over 15 vibrant booths offering delicious food and drinks and exciting fun games, it was a great learning opportunity for them to dive headfirst into the world of entrepreneurship, develop essential teamwork and engage in real-world business decision-making.

# At A Glance...

## Pitch Like A Pro – Put Learning into Practice

Event X: The Ultimate Industry Pitch Challenge offered meaningful exposure to industry expectations through a multi-stage process (workshop and preliminary pitching with experienced lecturers). The final round saw students presenting their event proposals to a panel of judges from X Two Media, Vinz Events and Kwok Group of Companies. This experience truly challenged our Diploma in Events Management students to apply their knowledge in a professional context and refine their communication and planning skills. Kudos to lecturers Ms Lau Sing Yew and Ms Nadiyah Abu Zaireen and thank you to all our industry partners for generously spending their time to guide the students!

## Connecting with VU Fam – Past and Present

Alumni, current and graduating students from the Victoria University Bachelor of Business programme came together for a cosy, meaningful dinner to reconnect and meet new faces. With a turn-out of over 70 attendees, the event was a wonderful reminder that the Sunway College JB VU community is strong, connected and always growing. Although a quick and casual dinner, the gathering truly reflected what we want for our students – to continue building connections, create memorable experiences beyond the classroom and be part of a supportive community!

## Business Brilliance on Showcase

Over 500 business students from the Diploma and Certificate programmes came together during this massive showcase. Teams from the Accounting, Marketing and Management clusters presented their best ideas and demonstrated what they had been working on - applying learning to real-world business cases and embracing SDG Goal #4 (Quality Education). Each team was evaluated on visual displays, communication, subject knowledge and overall presentation. Teams truly went all out with some even setting up elaborate booths, giving out freebies and featuring a mascot! Here's a [recap](#) of how it went down.

# My Sunway-VU Experience

## ★ Student Reflections, Past and Present ★

**Education is often described as a journey and for many students at Sunway College Johor Bahru, that journey took shape through the Victoria University Bachelor of Business programme. For some, it was the chance to earn an Australian degree without having to leave home while others, the flexibility to explore and transfer to Melbourne at a later stage. And for many, it is the friendships, resilience and personal growth that has defined their time here.**

**Beyond grades and academic milestones, every student's experience would be deeply influenced by dedicated lecturers who guided them and a supportive environment that encouraged self-development which carried them through both challenges and triumphs.**

**Since 2007, the Bachelor of Business awarded by Victoria University, Melbourne Australia at Sunway College JB has welcomed and graduated students with diverse dreams and goals. Some have built meaningful careers close to home, while others have ventured across borders to broaden their horizons. From Accounting to Marketing, Banking & Finance to Management & Innovation, every pathway is unique, but all share a common thread - continuous learning, self-confidence and the courage to take the next step.**

**We have compiled a collection of personal reflections by students and alumni to tell their stories. Here's what they had to say:**

"The strategic location of the campus in Johor Bahru allows me to pursue higher education close to home without compromising on standards.

It's great that students in JB have the opportunity to earn a globally respected Australian degree without the need to travel abroad. This not only reduces financial burdens, but also allows us to stay close to our support systems while gaining an international perspective. The collaboration between Sunway College and Victoria University ensures that we receive the same high-quality learning experience as students in Melbourne, Australia."

**Tan Jia Qi**

Foundation in Business 2023  
Bachelor of Business (Accounting) Year 2

"One of the most memorable units for me is Knowledge Management Practices for Innovative Organisation. This subject focuses on learning how to manage and effectively share knowledge to enhance efficiency and innovation. As part of an assessment, we designed games to help companies share knowledge and boost innovation. Testing them in class was both fun and insightful. I learned as much from my peers' ideas as I did from my own project."

"The opportunity to earn an Australian degree without needing to go to Australia was an attractive option as the cost is much lower, yet the quality and learning outcome remains very high. Studying in Sunway College JB also allows me to remain closer to my home country (Thailand) while still gaining an international education.

Thanks to the flexibility of a twinning option, I am thinking about transferring in my third year to experience studying in Melbourne. There, I hope to learn more about the Australian culture, meet new people and explore career opportunities after graduation. It will also help me become more independent and grow as a person."

**Norasett Loo**

Foundation in Business 2023  
Bachelor of Business (Banking & Finance) Year 2

**Low Jia Lee**

Diploma in Business Administration 2023  
Bachelor of Business  
(Marketing/Management & Innovation) 2025

"I chose the VU Bachelor of Business because with the identical programme offered, I would be receiving a globally recognised qualification at a much more affordable cost while still gaining exposure to an Australian education system without the need to relocate.

I prefer to complete my degree locally as studying at Sunway College JB offers the same quality of education with the added benefit of being closer to home!"

"I never saw myself as an accountant. My first love was design. My parents encouraged me to pursue the VU Bachelor of Business at Sunway College JB with the help of a scholarship. That decision changed my life!

Sunway College JB not only gave me an education but also the confidence to step into the corporate world and thrive. Today, as an audit partner, I help businesses navigate complex challenges while mentoring others in my field."

**Thuan Wen Kai**

Bachelor of Business (Accounting) 2014  
Partner, Audit & Assurance at WC & CO PLT

"The VU Block Model® was a whole new learning concept and we were really fortunate to benefit from this unique teaching and learning approach which was really helpful because it allowed students to focus on one subject at a time, reducing stress and enabling deeper learning. This structured approach enhanced my understanding and provided flexibility, making it easier to balance studies with other commitments.

We were empowered to be responsible for our own learning and manage our time, so self-discipline and accountability was very important.

**Chang Sok Wen**

Diploma in Marketing 2023  
Bachelor of Business (Marketing) 2025

**Shashrinna Nair**

Foundation in Business 2022  
Bachelor of Business  
(Management & Innovation) Year 3

"I started my studies during the COVID-19 pandemic, facing immense personal challenges along the way. Yet with determination and the support of family, friends and lecturers, I went on to pursue the VU Bachelor of Business programme.

I also had the honour of representing my peers as the student speaker during my graduation ceremony. Speaking in front of my peers and lecturers was a privilege and a memorable experience.

Now, I am building my career as both a Marketing Executive and a Real Estate Agent, applying the skills and values I developed during my studies."

**Shaun Thiew Wen Ming**

Diploma in Business Administration 2022  
Bachelor of Business (Management & Innovation) 2023  
Marketing Executive at S A Property Management Sdn Bhd  
Real Estate Agent at The Roof Realty
